

SHARE OUR STRENGTH

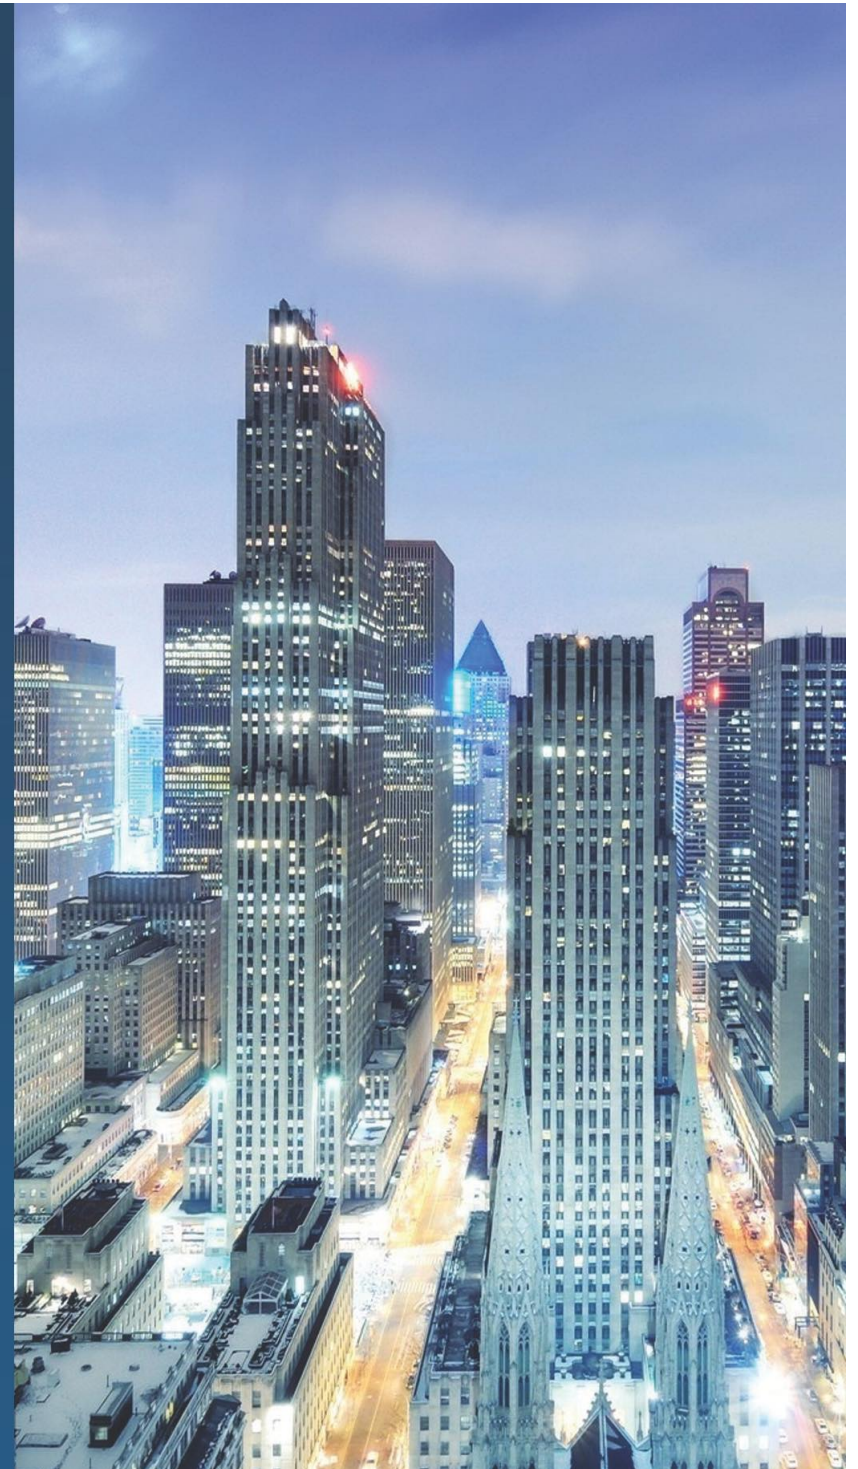

We strive to create great content  
that transcends language and borders for people all over the world to enjoy.  
Through our video production services,  
we aim to allow different kinds of users to understand different cultures.

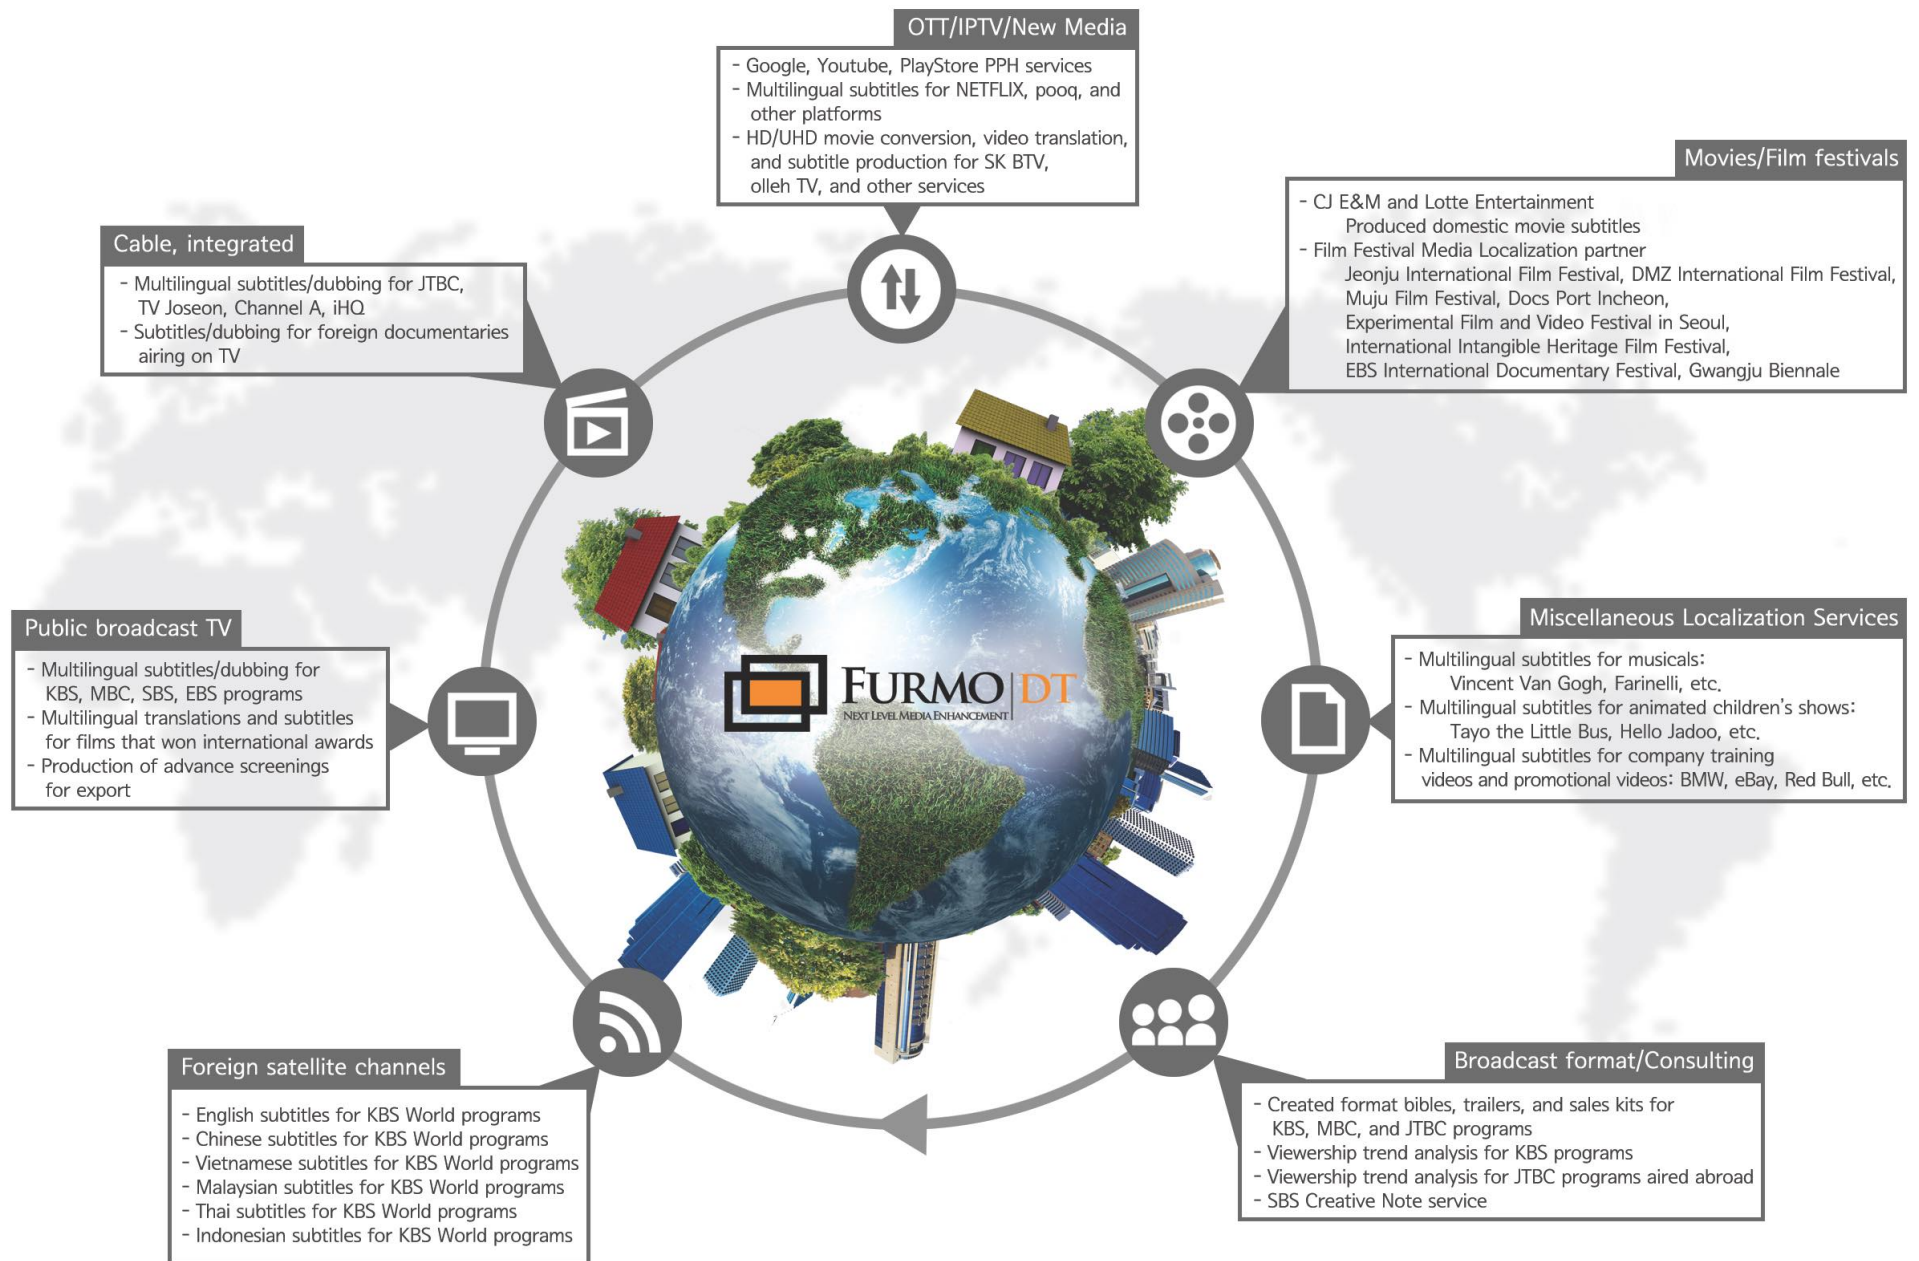

FURMO DT specializes in video content localization production.

We produce TV shows, movies, advertisements, and other content by translating  
them into different languages and/or dubbing them.

We are a production house whose years of experience have led us  
to offer a wide variety of services, including translating,  
subtitling/dubbing, encoding, multimedia production, large file ingestion and  
more through our team of experts, an efficient process, specialized equipment,  
and up-and-coming technology.

FURMO|DT Strategy.

We strive to create great content that transcends language and borders for people all over the world to enjoy.

Animated shows  
Musical

#### Services offered

Script creation  
Video translation  
Subtitle production  
Dubbing

#### Languages offered

Korean, English, Japanese, Chinese, Vietnamese, Indonesian, Thai, Malaysian, French, Spanish, Arabic, Russian and more

Furmo DT has been creating subtitles in multiple languages for KBS World, a satellite TV channel of TV station KBS that is aired in foreign countries. Our quality and expertise has been commended over the years, and we create subtitles in not only English, but Chinese, Malaysian, Vietnamese, Thai, and Indonesian as well to reach viewers across the globe.

Furmo DT currently offers localization services to domestic TV stations. In addition to non-cable stations KBS, MBC, SBS and EBS, we also offer high-quality, expert multilingual subtitles to TV stations JTBC, TV Joseon and Channel A, as well as a variety of other platforms, including IPTV, OTT, and others.

Taking into account the intent and message of the producer, the characteristics of the genre, and creating subtitles that are readable by the viewer is crucial to raising the quality of our services.

Through our accumulated knowledge of foreign localization production techniques and our expert translation and editing system, we strive to allow all viewers to gain a deep understanding of the content, regardless of their culture.

## Media Localization Service

Video translation, subtitling, and dubbing

## Post Production House

Content supply and demand,  
processing, quality control, metadata production

Video encoding, transcoding, ingestion service

Furmo DT services over 5,000 videos yearly on Google, Youtube, and SK BTV. We oversee production of the program information and the platform's metadata (technical information, synopsis, cast, posters, etc).

As we manage large broadcast files with an optimized workflow system, we manage clients' information and provide it on the platform efficiently and securely.

Types of files are as diverse as the number of platforms. We convert files to the appropriate file type depending on platform. As a state-of-the-art post production house, Furmo DT has technology and equipment required to produce videos and convert file types.

Furmo DT has received spectacular awards and demonstrated the excellence of our programs in multiple international TV award festivals yearly, including The Banff World Media Festival, New York Festivals, the International Emmy Awards, and more.

Furmo DT offers comprehensive consulting that includes media localization work, exhibition planning, and acting as a proxy. With over a decade of accumulated media localization experience and our personal network of foreign festivals, our consulting can increase the chance a domestic program will win an award at an international festival.

In addition to Korean TV shows, Furmo DT also conducts format research and consulting to top programs around the world. This includes setting up a strategy from the early planning stages of a program to marketing and getting sales as well as helping you deal with global TV market trends.

Furmo DT introduces the best programs to the entire world and provides the trends and issues in the current global TV market. Our MIPCOM & MIPTV conference report provides new insights into broadcast formats and techniques.

Furmo DI provides broadcast planning consulting for new program launches. We bring together the genre, format, the item ventures and renewals, along with the corresponding varied reporting of both domestic and foreign markets in depth.

Furmo DI provides consulting for domestic program format bibles, promotional kits, and trailers in our format sales consulting service. Furmo DT is the only company in Korea that offers format sales consulting with an effective strategy based on the program genre and area of sale.
