

KKR CAPSTONE INTERNSHIP OPPORTUNITY

About KKR:

Kohlberg Kravis Roberts & Co. (KKR) is leading global investment firm with over \$191 billion in assets under management across multiple alternative asset classes, including private equity, energy, infrastructure, real estate, credit and, through its strategic partners, hedge funds. Founded in 1976, with 20 offices across the world, KKR has brought a long-term investment approach to our portfolio companies and worked as partners with management teams, seeking to improve companies and create shareholder value.

About KKR Capstone:

KKR Capstone works to deliver exceptional returns on KKR's investments both by partnering with deal teams during asset selection and working with management teams to drive value in our portfolio companies. KKR Capstone works across nearly all KKR asset classes, with significant involvement in private equity, growth equity, and special situations. During diligence, KKR Capstone works alongside the deal teams to evaluate potential acquisitions, including weighing in on crucial operational issues, assessing the target company's market, and understanding consumer insights and behavior. At our portfolio companies, KKR Capstone drives the most important operational issues on the CEO and Board of Directors' agendas, including top-line growth, cost optimization, organizational structure and capability, capital investment and strategic M&A initiatives.

Position Description:

KKR Capstone is offering 6 months internship opportunities in Seoul office with expected start date of mid July 2019. (till Jan 2020)

KKR Capstone provides a unique opportunity for high-performing candidates to drive real operating change and generate value in a private equity environment, with an "owner's mindset". KKR Capstone team takes ownership in key priorities & initiatives at the portfolio company, from start to finish. Capstone team is responsible for facilitating meaningful and sustainable operational changes in KKR's portfolio companies as a organization change agent. This internship offers an opportunity to play a key role in helping portfolio companies achieve their objectives and realize KKR's investment thesis.

Interns work closely with Principals and Associates with professional experience in operation and investment via an apprenticeship model. This team-oriented approach includes working closely with deal team members and portfolio company executives to set key initiatives and drive value creation plans. Interns will gain invaluable skills in operational analysis and hands-on execution, market research, managerial decision-making, leadership, people management, and assessment of investment opportunities.

Interns will be closely working with KKR Capstone Associates and Principals. Expect to spend some days working onsite at KKR invested companies in Anyang.
