

Internship

Six month (4 March 2019 – 6 September 2019)
Reinsurance Life Actuarial Consulting Unit

Munich Re is one of the world's leading reinsurance companies with around 11,000 employees at over 50 locations around the globe. We are already dealing with issues today that tomorrow will concern the whole of society, whether it is with climate change, major construction projects, gene technology or space travel. We find answers to these questions through a network of highly qualified colleagues, who anticipate risks, work on tailor-made solutions and competently advise our clients. If you want to experience shaping the future as part of our team, we look forward to your application at Korea Branch.
