## **Job Description – Economic and Financial, Graduate Consultant**

FTI Consulting, Inc. is a global business advisory firm dedicated to helping organisations protect and enhance enterprise value in an increasingly complex legal, regulatory and economic environment. With more than 4,600 employees located in 29 countries, FTI Consulting professionals work closely with clients to anticipate, illuminate and overcome complex business challenges in areas such as investigations, litigation, mergers and acquisitions, regulatory issues, reputation management, strategic communications and restructuring.

In Asia Pacific, FTI Consulting has a team of more than 600 professionals situated in 15 business centres across the region. We provide advice on issues in the areas of finance, risk, governance, performance, reputation, intelligence, compliance and liability. We deliver solutions through our market-leading business practices of Corporate Finance and Restructuring, Economic Consulting, Forensic and Litigation Consulting, Strategic Communications and Technology.

### **Economic and Financial Consulting**

The Economic and Financial Consulting practice is a compact and dynamic team, offering you the opportunity to work within small teams and gain deep exposure to projects. Amongst other things, we provide written and oral expert evidence on loss and damage in the context of commercial and investment treaty disputes. Our projects often involve questions of accounting, economics, finance, and/or valuation.

### **Key responsibilities**

- Identify relevant background material and deliver summaries of the main takeaways;
- Assist with the preparation of reports, memorandums, presentations, quantitative exhibits, and other client deliverables;
- Design and build valuation models and perform financial analysis;
- Investigate and critique assertions, analyses, and work product of other experts; and
- Assist in business development activities in Asia Pacific, as needed.

### **Key requirements**

- Bachelor's degree in any discipline;
- Excellent verbal and written communication skills with proficiency in English and Korean;
- Ability to work both independently and as part of a team in a multi-task environment with attention to detail;
- Ability to work under pressure to respond to deadlines;
- Strong analytical thinking, intellectual curiosity, and passion for problem solving;
- Excellent work ethic, including a desire to learn continuously; and
- Proficiency with Microsoft Excel, Word, and PowerPoint.

---

## What we can offer you

- A competitive compensation and benefits package including, but not limited to:
  - A competitive starting salary with annual bonuses
  - 20 days of annual leave
  - Sponsorship for professional designation such as the CFA certification.
    - We will reimburse course, examination, and membership fees.
    - In addition, we offer paid study and exam leave.
  - Training and networking opportunities:
    - When you join FTI Consulting, you will build networks that go beyond Korea.
    - We send our new full-time joiners to London for a two-week training course during which you will get to meet colleagues from the EMEA and other offices.

## Application steps:

Email your **English** resume (with your GPA) and cover letter to [paul.shin@fticonsulting.com](mailto:paul.shin@fticonsulting.com). Please submit your application as pdf files by no later than **11:59pm of March 3<sup>rd</sup>, 2019.**

Your cover letter should state where you saw this vacancy advertized, explain why you would like to work in economic and financial consulting at FTI, and set out the reasons why you are well suited for this role. After the initial application review, there will be a written test, followed by a case study and an interview..
